VINLAND SAGA

ヴァイキングという名の由来はよくわからていません。一応、入り江を意味するvik(ヴィーク)という単語が語源ではないかとされています。彼らは入り江を天然の港とし、その奥に村を作り、羊や豚を飼い、少しの耕地を耕し、櫻を織り、大麦やニシンや鮭やアザラシを食べ、ビールを飲み、泣いたり笑ったり恋をして喜んでいました。「海賊」というイメージが先行しがちな彼らですが、それ以外の様々な面も、今後勉強しつづけていきたいらいいな、と思っています。

幸村 誠

I don't really understand the source of the name "Viking." I know that it's said the base of the name is "vik," which means inlet. They used inlets as natural ports, building villages within them, raising sheep and pigs, cultivating small amounts of land and fashioning tools, eating barley, herrings, whales and seals, drinking beer, crying, laughing, and falling in love. Their piratical nature tends to precede them, but I would like to continue studying them and portraying them in various other ways.
